CENSURED FOR ALLOWING TRAFFIC TO BE BLOCKED

Patrolman Brennan is reprimanded by Chief of Police Werner.

SHOULD HAVE CLEARED STREET

Failed to report firemen and street-car motorman to police court when they delayed removal of wreckage after accident.

Patrolman W. E. Brennan, of the Second Police Station, has been reprimanded by Chief of Police Louis Werner for allowing traffic to be blocked by a Broad and Main Street car and Fire Truck No. 3 on Wednesday night of last week.

The street car ran into the big fire truck, crashing into the middle of the machine. It was hung up against a tree and badly damaged.

The street car was not allowed to be moved until the firemen arrived, and the firemen would not allow it moved until flash-light pictures were taken.

Two machines were left there for an hour and all traffic over the Broad Street line was blocked.

The cars were re-routed around Main Street and thousands of people were inconvenienced.

In a letter to Chief Werner, Officer Brennan said that he was nonplussed for the time and allowed the street car and fire truck to remain where they were until ordered to move by officials of the car company and officials of the Fire Department.

Chief Werner instructed Brennan that in the future he must not allow such proceedings. He was told that he should have ordered both crews to move their machines, and that following to do so, all should have been notified to appear in Police Court, to answer the dual charges of blocking traffic and failing to move when ordered to do so by an officer.

In the case of a fire, he said that Chief Joyce, of the Fire Department in its complete charge; but that in a case where there is no fire, as was true in this case, then the police authority takes precedence over the Fire Department.

Curators Appointed. Governor Stuart yesterday appointed the following curators of Hampton Normal and Agricultural Institute for a term of four years, beginning on January 1: W. S. Copeland, Newport News; J. T. Lewis, Richmond; J. C. Carter, Houston; Rev. W. T. Johnson, Richmond; A. F. Stroud, Norfolk, and J. N. Clarke, Danville.

Culbreth & Co. Accountants and Auditors. THE UNIVERSAL CAR. There can only be one reason why Ford cars have sold and are today selling from five to ten to one over any and all other motor cars made, and that reason is: It is a better car from any and every mechanical qualification—the records of more than fifteen hundred thousand Ford cars prove it.

NET ADVANCES MADE BY ACTIVE STOCKS

Passing of Peace Cloud Celebrated With Many Material Gains.

PROFESSIONALS ARE HURT Steel Furnishes One-Third of Day's Business—Sugars Strong, Under Influence of Pool Manipulations. Little Change in Motors.

NEW YORK, January 2.—Passing of the peace cloud was celebrated today with material net gains in nearly all active stocks, but the gains realized that some professional traders here must be a requirement in the market, were hurt as the hour came for soft spots. The only place they did effective work was in the cotton.

A strong opening was expected because of the prevailing notion of the peace party, but it was given freedom in lower quarters, which has been very right on the market and very close to the price of the market. The manipulations were bought in spite of circumstances, but in addition to this some extra is expected.

Steel furnished a third of the day's business. Early in the day, it was given freedom in lower quarters, which has been very right on the market and very close to the price of the market. The manipulations were bought in spite of circumstances, but in addition to this some extra is expected.

SUGARS ARE STRONG. Sugar was strong, largely under influence of pool manipulation. The market was strong, largely under influence of pool manipulation.

NEW YORK, January 2.—Sharp early advance in the cotton market was followed by a steady decline, but the close was steady at a net gain of 1/8 to 3/8 points. March was sold from 47 1/2 to 48, and closed at 47 1/2, compared with 47 1/2 the final quotation of Saturday.

NEW ORLEANS, January 2.—Advances toward the opening and toward the close marked an extreme advance in points, while the trading in the middle of the session featured a while there was general buying, following the opening and an advance of nearly 1/2 a bale was scored. A quick reaction followed, and the market closed at a net gain of 1/8 to 3/8 points.

NEW YORK, January 2.—Port movement of the New York stock market, opening gains of 2 to 5 points were followed by irregular declines and greater advance during the forenoon. The foreign news was accepted as indicating an indefinite prolongation of the conflict, causing extensive covering of leading munitions and commodities.

NEW YORK, January 2.—Higher quotations, some of which were later followed by variable and confusing changes, ushered in the New York stock market. Opening gains of 2 to 5 points were followed by irregular declines and greater advance during the forenoon.
